

Customer references

“Votre équipe s’est vraiment démenée pour nous servir au mieux, comme d’habitude : une parfaite communication et une grande flexibilité.

C’est difficile à l’heure actuelle d’avoir un regard humain pour considérer ensemble un problème ou une situation.

*C’est aussi difficile de trouver des partenaires sérieux et compétents; nous en sommes bien conscients.
Merci pour tout !”*

What Our Customers are Saying

“For many years we have found in M-Star an experienced and skilled carrier for the transport of our pneumatic tyres, having a minimum height of 3 meters and a weight of at least 2500 kg per tyre, multimodal (combined by sea, land and rail) to Russia and its former states.”

“We work together with a permanent contact person, which benefits the progress of the transport. A daily ‘track & trace’ has an added value in our customer centricity approach.”

“Therefore:

M-Star gets things done designed to OUR expectations!”

What Our Customers are Saying

“M-Star is a house hold name when it comes to transport and logistics services. With all the years we have been working with M-Star in Technip, M-Star has shown that they are reliable, capable as well as having the right team in project execution. M-Star goes extra miles to give their client an extra service where needed. In a project execution, they think outside the box to give their client that customer satisfaction.

M-Star has executed a high volume and complex transport and logistics services for Technip. For instance, Technip Parallel Reformer (TPR).

M-Star has the expertise to be one of the leading transport and logistics services company in the global market.”

What Our Customers Are Saying

“I have known M-Star Freight Services for more than 10 years. The M-Star Projects team’s passion for excellence in execution and hard work is reflected in every aspect of the many projects which we as TechnipFMC have done with them.”

“M-Star Freight Services is an ‘out of the box’ full service provider with a dedicated leadership and operational staff. Putting the customer first along with the can-do attitude and fearless management of all types of transactions has brought the company success. This is evidenced by M-Star Freight Services continued growth and extensive footprint in the world of logistics.”

“I would highly recommend M-Star Freight Services as a provider & partner for all type of logistics and related needs.”

What Our Customers are Saying

“We are working with M-Star for many years now as 3PL, doing forwarding, export documentation and warehousing.”

“M-Star takes a big workload of the expeditors which gives them time to focus on priority of their task.”

“M-Star provides detailed and competitive quotes even if transport details are not advanced. Myself, I have done several projects in Russia where the expertise of M-Star was a real benefit. Any party looking for a logistics partner, I can highly recommend M-Star.”
